TailwindCSS

👤 PROFESSIONAL STATEMENT

As a Computer Science graduate with hands-on experience in front-end development, I specialize in building web applications using modern technologies like React and JavaScript. I'm passionate about writing clean code and working in a collaborative environment with others who push me to be a better developer.

🎓 EDUCATION

B.S. Computer Science, East Carolina University
August 2021 — May 2025

M.S. Software Engineering, East Carolina University
August 2025

💼 EMPLOYMENT HISTORY

Front End Intern at Leathershield Education
January 2025 — July 2025

- Built a scalable web application for a client using React, TypeScript, TailwindCSS, Stripe, and Firebase
- Built the client's inaugural web platform enabling online course promotions and generating a 20% surge in new client inquiries
- Collaborated closely with the client to iterate on features using Agile workflows, ensuring alignment with business goals and user needs.

IT Intern at Cabarrus County Government
June 2024 — August 2024

- Enhanced web applications UI with software development team with React front-end
- Resolved connectivity issues by collaborating with the networking team on system infrastructure configurations.
- Provided Tier 1 technical support for 150+ employees reducing average resolution time by 12%.

★ PROJECTS

🔗 BogeyBuddy

React-based golf scorecard tracker, utilizing **Redux**, **JavaScript**, and **Tailwind CSS** for a responsive UI that allows golfers to record and analyze rounds in real-time.

🔗 FreshTrack

Web application that allows users to keep track of their groceries within their kitchen that utilizes **JavaScript**, **HTML**, **CSS**, **Bootstrap**, and **Flask**.
